

## SOLAR PROVIDERS SERVING THE SAN MIGUEL COUNTY REGION

Note: This is a list of solar energy service providers who serve San Miguel County and have expressed an interest in being included in TNCC's informational listings. This listing is not an endorsement for or a recommendation of any particular provider. TNCC recommends the homeowner fully research qualifications of solar energy service providers and choose the provider who best fits their needs.

### **Alternative Power Enterprises, Inc.**

Provides grid tied and battery backup solar electric systems, and solar thermal systems. We design, install, and maintain these systems. We use evacuated tubes for solar thermal systems that are very efficient in our cold climate. We also file all rebate applications, perform home energy audits, sell compact florescent light bulbs, and sun ovens.

Leif Juell

**Johnson Electric Ltd.**

We build and maintain solar electric systems. We've been installing solar systems since 1991, and are licensed electrical contractors.

Randy Johnson

970-209-2630

315 South 12<sup>th</sup> Street, Montrose, CO 81401

[Johnson@montrose.net](mailto:Johnson@montrose.net)

**Mountain Power Company, LLC**

Providing clean, reliable, solar energy to customers since 1992. We specialize in both stand-alone and grid-tied solar electric systems along with domestic hot water and high efficiency heating with solar thermal systems. With over 40 years of experience in the plumbing and electrical trades, we can guarantee a clean, safe and code compliant solar electric or solar thermal system for you.
